ENHANCE YOUR PERFORMANCE WITH CORE TEMPERATURE CONTROL

Work clothes with 37.5® Technology help warm you up when you're cold, help cool you down when you're hot, and remove sweat so you can comfortably work hard all day long.

NO MATTER THE ACTIVITY OR WEATHER

- 37.5 works with your body's natural mechanisms to manage temperature and humidity, putting you in the optimal comfort zone.
- Millions of microporous particles have the perfect combination of energy absorption and massive surface area to trap moisture and process it out of your microclimate.
- Fabrics made with 37.5 technology dry up to five times faster than other performance fabrics, diminishing wet cling and keeping you more comfortable.
- With patented 37.5® Technology, active particles permanently embedded at the fiber level capture and release moisture vapor.
- 37.5 technology is patented.

COOL DOWN WARM UP WORK HARD NO SWEAT

37.5 technology
is permanent and never
washes out or gets tired.

Not only do these active particles provide 800% more surface area to the fiber, they also provide a unique driving force to remove moisture vapor unlike any other technology.

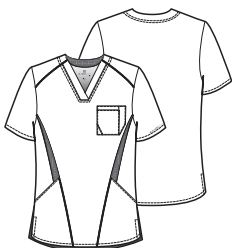

By actively responding to body heat, the particles use this energy from the body to accelerate the vapor movement and speed up the conversion of liquid to vapor, significantly increasing drying rates. This means the hotter the user gets, the stronger the driving force removing moisture becomes- and the more comfortable the microclimate remains.

MADE FOR GROUPS

THE FABRIC

Our WonderWink WonderWink WonderWORK **Active Twill** fabric is constructed using finer, more durable yarns. The combination of these elements allows for beautiful drape and exquisite hand, without sacrificing dependability & professionalism.

THE STRETCH

Our Active Twill has just raised the bar. Using an industry favorite fabric blend, 65% Polyester/35% Cotton, we have enhanced the performance by adding mechanical **Motion Stretch** without incorporating a spandex yarn. This provides the lasting durability of a Poly/Cotton blend, with the movement of a stretch fabric.

THE FIT

Paying close attention to every fit detail, we have approached our fit method differently by tailoring each size individually and in respect to the wearer. Our plus sizing is designed and built specifically for a fuller figure. On all styles, we have added slight shaping where it flatters but allowed for the necessary ease resulting in a relaxed, modern fit. Our **Flexible Fit** provides a full range of movement.

THE COMFORT

WonderWink WonderWORK styling remains polished without sacrificing function: utilitarian details provide storage for gadgets and gear while maintaining a clean, professional appearance. With the innovative fabric, fit, and styling, these everyday scrubs truly redefine **Live-in Comfort**.
